Sprint 8 Standup

4/26/2024

Individual Update

Name	To-do	Blockers
Julie	- Fix ui for frontend - Update backend tests - Help integrate other peoples feature to work together	
Diego	- Revise and make new bingo board backend tests - Update home page ui - Implement nav bar for musicali features - Buttons that navigate to implemented features - On login, add buttons to switch to musicali or craftverify home pages	none
Jason	- Fix up the test cases for Dashboard Analysis for specifically number of trends per month - Implement the controller of Dashboard Analysis. - Implement ways to send/save length of page after a feature/function is finished being used. - Save the length of feature/page use to the backend/database.	None
Kihambo	- Figure out what fixed the user- mapped section error for good - Fix logic for frontend do that collab feature glow red and say "error loading collab" every time it's clicked and the page loads	Still congested, slowly recovering
Parth		Other class final project.

An	● Continue fixing ItemCreation LLD ● Design LLD for Item Listing and implement the code for it. ● Try to design the Offer feature without the Auction feature and implement the code for it. ● End-to-end testing	●
Khuong	● Redesign the LLD of Product Editing and Product Deletion based on today's in-class feedback. ● Implement the front-end code for the Inventory Stock service. ● Implement code for product editing, product deletion, and financial progress reports. ● End-to-end testing	● CECS 448 and AAAS 100 Project

Group Update:

Priority	Questions/Comments/Concerns
High Priority	Arbitration Friday

Arbitration

Teammate: Brandon Muhumuza

Summary: Went over as a team with Brandon included and after looking at all documentation we decided we wanted to separate our project and his feature. There was no dispute by the claim or decision by the team and all documents will be provided in the github to show our evidence.
